Education

Alexandria University **Sep. 2024 – May 2028**
Bachelor of Science (B.Sc.), Software Industry and Multimedia — GPA: 3.66/4.0 *Alexandria, Egypt*

Professional Summary

Frontend Developer focused on React.js and TypeScript, experienced in building responsive web applications, integrating RESTful APIs, and managing application state with Redux Toolkit and Context API. Built 4+ web applications through DEPI and led a team of 4 developers to deliver a full Capstone project within a 2-week sprint.

Experience

iSchool **Jul. 2026 – Nov. 2026**
Assistant Tutor *El Mansoura, Egypt*

- Completed **50+ training sessions**, supporting students with technical issues, platform navigation, and session logistics.
- Supported the Main Tutor with technical troubleshooting and student assistance, including serving as Main Tutor in several sessions.

Digital Egypt Pioneers Initiative (DEPI) **Jun. 2025 – Dec. 2025**
React Developer Trainee *Alexandria, Egypt*

- Developed 4+ modern web applications using React.js and JavaScript (ES6+), focusing on reusable components and responsive interfaces.
- Designed mobile-first interfaces using Tailwind CSS and Bootstrap for consistent experiences across screen sizes.
- Integrated RESTful APIs and managed application state using Redux Toolkit.
- Led a team of 4 developers to deliver a full Capstone project within a 2-week sprint using Git and GitHub.

Projects

Restaurant Digital Menu — GitHub — Live Demo **Oct. 2026**

- Developed a responsive digital menu using **React, TypeScript, and Tailwind CSS**, enabling customers to browse restaurant categories, products, and pricing.
- Integrated **Supabase** for real-time data retrieval and dynamic menu management, with optimized database queries and reusable React components.

Quran Kareem GitHub — Live Demo **Feb. 2026**

- Built a Quran reading web application covering all **114 Surahs**, with Arabic typography and audio recitation support.
- Implemented persistent reading progress using **Context API**, allowing users to resume their last-read Surah across sessions.
- Developed with **React.js, TypeScript, and Tailwind CSS**; deployed with **Vercel** and optimized SEO using sitemap and Open Graph metadata.

Hot Wheels E-Commerce GitHub — Live Demo **Dec. 2025**

- Built an e-commerce platform with a **Loyalty System** for earning and redeeming customer rewards.
- Developed an **Admin Dashboard** for product and inventory management.
- Managed application state with **Redux Toolkit** and client-side navigation with **React Router**.
- Designed a responsive interface using **React.js** and **Tailwind CSS**.

Technical Skills

Languages: JavaScript (ES6+), TypeScript, HTML5, CSS3 **Frontend:** React.js, Redux Toolkit, React Router, Tailwind CSS, Bootstrap, Context API
APIs & Data: RESTful APIs, JSON **Tools:** Git, GitHub, Vite, npm, VS Code
Practices: Responsive Web Design, Mobile-First Development, Agile Methodologies

Soft Skills

Leadership, Teamwork, Communication, Problem-Solving, Time Management, Adaptability, Critical Thinking, Initiative

Leadership & Achievements

- **Handball Team Captain:** Captained a team of **15+ players** and led the team to win **2 regional championships**.
- **USAID Scholarship Participant:** Participated in the USAID Scholars academic and personal development program.
- **Science IDEs Volunteer:** Created promotional content reaching **500+ students**.
